Profile

Front-End Developer that enjoys creating responsive, user-focused online applications with React.js, Tailwind CSS, and JavaScript. Experience building full-stack apps using backend services such as Node.js, Express.js, and MongoDB. I seek to use my skills to create seamless, flexible, and effective digital solutions as well as expanding my knowledge of emerging web technologies.

Skills

Technical Skills:

- **Programming Language:** Javascript (ES6+)
- **Libraries/Frameworks:** React.js, Tailwind CSS, Bootstrap
- **Backend Knowledge:** Node.js, Express.js (Basic)
- **Database:** MongoDB (Basic)
- **Version Control:** Git, Github
- **Authentication:** JWT , Firebase Authentication
- **Tools:** Netlify, Vercel, Firebase, VS Code, Postman

Interpersonal Skills:

- **Active Listening:** I prioritize listening to understand needs first, then focus on developing effective solutions.
- **Adaptibility:** Adjust quickly to changing requirements and technologies in energetic development environments.
- **Task Prioritization:** Ensured project success by properly arranging and organizing daily tasks.
- **Deadline Management:** Consistently completed projects in advance of deadline while maintaining the highest standards.

Projects

EduLink – Online Group Study Platform

A collaborative platform designed to facilitate group studies, assignment management, and peer feedback among students. It aims to enhance productivity and teamwork in an academic environment.

- **Features:** Manage Assignments, Peer Feedback System, Search & Filter, Dark Mode, Authentication.
- **Technologies:** React.js, Tailwind CSS, Firebase, Express.js, MongoDB, JWT, Axios, SweetAlert2, React-awesome-reveal, React-icons, Daisy UI.
- **Link:** **GitHub**   **Live**

Crowdcube – Crowdfunding Application

A modern platform connecting project creators with backers, enabling users to launch and support innovative ideas.

- **Features:** Campaign Management, Search & Filter, Dark Mode, Donation System.
- **Technologies:** React.js, Tailwind CSS, Firebase, Express.js, MongoDB, JWT, Axios, SweetAlert2, React-awesome-reveal, Swiper.js, React-icons, Daisy UI.
- **Link:** **GitHub**   **Live**

Education

Master's Degree: MSS in Economics, National University (2020 - 2021)
Bachelor's Degree: BSS in Economics, National University (2016 - 2020)

Hobbies and Interests

- Exploring new technologies and building web applications.
- Reading self-help books and tech blogs.
- Enrolling in online courses.
